## **Assumptions for Guidance**

ASSUMPTIONS FOR GUIDANCE       sheet valuations will be closely monitored.         COVID-19 will continue to impact Fresenius Group operations in 2022.         Guidance does not reflect any potential further containment measures that could have a significant and direct impact on the health care sector without any appropriate compensation.         The acquisitions of Ivenix and of the majority stake in mAbxience as well as any further potential acquisitions remain excluded from guidance.	Continued macroeconomic headwinds from cost inflation, labor shortage and supply chain challenges to remain. The guidance does not consider a significant disruption of gas or electricity supplies in Europe. Overall heightened volatility and muted visibility; potential further consequences, including balance
