## **8. Significant Agreements Conditional upon a Change of Control Following a Takeover Bid**

Under certain circumstances, a change of control as the result of a takeover bid could impact some of our long-term financing agreements embodying change of control provisions. These provisions are customary change of control clauses that grant creditors the right of premature call in the event of a change of control. However, the right of premature call usually only becomes effective if the change of control is followed by a downgrading of the Company's rating.

There are no other significant agreements between Fresenius SE & Co. KGaA and other persons that are conditional upon a change of control following a takeover bid.

## **9. Agreements of the Company concluded with Members of the Management Board of the General Partner or Employees Providing for Compensation in the Event of a Takeover Bid**

The service contracts of the Management Board members of the General Partner do not contain any express provisions dealing with a change of control. No compensation in the event of a takeover bid has been agreed on with employees, either.
